The Truth News Magazine

Dear Reader of *The Truth*:

The Truth News Magazine is one of the primary means of disseminating Hillside's information and events, its message, teachings, and Truth principles both internally to its members and externally to the greater community.

The Truth was originally published in 2006 as a *newsletter*. In 2008, it transformed into a *news magazine* based on its content, number of pages, and graphical layout. Several new columns were introduced to our readers, including "Here's to Your Health", which focuses on wellness, and "Heart & Soul Veggie Delights," which presents vegetarian recipes and healthy eating information. We have received fabulous response to the new columns and the regular columns, as well as to the special interest stories and articles written by members and friends.

The vision of **The Truth** is to continue to be a primary means of communicating Hillside's teachings and events and to uphold Hillside's mission of transforming lives by practicing and demonstrating the teachings of Jesus Christ. Many of you have expressed your appreciation for **The Truth** and its content and have shared with us how a story or a piece of information has impacted your life.

We are committed to continuing to provide a quarterly news magazine that informs, inspires, enlightens, and uplifts you. Your love offering will help us to meet this commitment. 2010 was a challenging year for many of us personally, not excluding the church, and we are grateful to you for whatever you can give in love, joy, peace, and thanksgiving.

We are updating our mailing list. Please indicate on the form below your desire to continue receiving **The Truth**, and return it in the enclosed self-addressed envelope.

Hillside, A New Thought Christian Church

Once called the "religion of healthy-mindedness" by the philosopher, William James, the New Thought movement was born almost 150 years ago as a revolt against the negative dogmas so prevalent in the churches of that day. The early New Thought movement was driven by the discovery that physical healing was possible through the power of mind and spiritual awareness. As that initial idea unfolded into successful application, practitioners of New Thought began to see that the power of an uplifted consciousness could also bring healing to negative circumstances and conditions in one's personal life. As it evolves today, twenty-first century New Thought is driven by a far broader intention. Planetary healing through self-realization is emerging as the new promise of these teachings.

Hillside Mission

Hillside is a healing ministry of the whole person: Spirit, Mind, and Body. Our sole purpose is to teach people regardless of race, ethnic background, creed, or color, or gender, the practical approach to Truth (Christianity) as taught by the Master Teacher, Jesus the Christ.

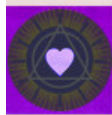

Hillside's Symbol

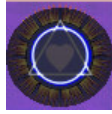

The Light of God surrounds us (12 Spiritual Powers)

The Power of God protects us (Body, Soul, Spirit)

The Love of God enfolds us (Divine Love of Christ)

The Presence of God watches over us (Circle of Faith)
